OPPORTUNITIES**
THROUGHOUT THE
WEST

Farmer Boys Food, Inc. currently operates and franchises restaurants in Southern California.

Established in 1981, Farmer Boys® is the first and only Fastaurant® franchise system. Fastaurants uniquely combine the freshness, menu variety, and decor of casual restaurants with the convenience of quick service restaurants. The result is a highly-popular concept that has created a loyal, highly diverse customer base of hard-working people who are able to enjoy great food at a reasonable price.

Menu Offers Broad appeal.

Farmer Boys' widely-varied menu features freshly-prepared lunch and dinner items such as award-winning burgers, freshly-made sandwiches, gourmet salads, and signature side items including

fried zucchini and monster-sized onion rings. Made-to-order breakfasts include omelets, French toast, pancakes, and breakfast burritos. All are served in cozy,

friendly surroundings that call to mind the charm and comfort of a rural farm home.

Continuing success and expansion.

Farmer Boys continues to expand with the opening of the 59th location in Summer, 2007. Expansion has been greatest in recent years, with nearly half the locations opening since 2003. Today, Farmer Boys serves guests in six California counties.

A Southern California favorite.

Over the years, the Farmer's Burger® has been recognized as "Best Burger" by numerous media outlets including KCBS TV, The Press-Enterprise, and by Inland Empire Magazine.

Enjoy the satisfaction and rewards of owning your own business.

As a Farmer Boys franchisee, you will have the opportunity to become a vital member of a family-style team, not a cog in a corporate machine. As a local business owner, you can experience the satisfaction of building a mutually beneficial relationship with the surrounding community.

Most important, you'll have the chance to grow both professionally and personally.

If you are interested in owning your own business, enjoy preparing quality food, and have a commitment to customer hospitality, let's join forces.

Together we can build your future with Farmer Boys' Fastaurant® system.
